**LA Chapter**  
American Concrete Institute

### Concrete Cracking

This presentation will cover various aspects related to concrete cracking. This topic is both a contentious and unfortunately, a common issue nationally. Often, the key to addressing cracking issues is learning how to properly determine the cause of the crack so it can be mitigated and prevented in future projects. Topics covered in this presentation will include:

- Causes and control of cracking
- Evaluation methods
- Mitigation
- Crack repair

**REGISTRATION TIME:** 11:30 am

**LUNCH:** 11:45 AM

**SEMINAR TIME:** 12:00 pm – 1:00 pm

**DATE:** Thursday, May 19 2016

**VENUE:** University of New Orleans Engineering Building Auditorium

**Mr. Gregory Zeisler** is a Senior Engineer with ACI. He has been with ACI since 2009. Mr. Zeisler works with several technical committees as staff liaison including ACI 318 and will be the secretary for the next cycle of the ACI 318 code. Previously he was a Structural Engineer at Durrant. Mr. Zeisler has 8 years of structural design experience in parking and retail facilities. Mr. Zeisler received his BS in civil engineering from the University of Wisconsin-Platteville and his MS in civil engineering from Purdue University. Mr. Zeisler is a licensed professional engineer in the states of Indiana and Wisconsin.

**Current Membership:** The registration table will have an up-to-date list of current chapter members. Please renew your membership to receive the full discount
