

LOUISIANA CHAPTER AMERICAN CONCRETE INSTITUTE

Advancing concrete knowledge

ACI Louisiana Committees

Certification

- ACI LA is an official ACI Sponsoring Group that offers 10 different certification exams throughout the year in various locations all over Louisiana.

Program

- Our chapter offers monthly lunch and learn seminars for Professional Development Hours.

Student Activities

- There are currently two student chapters in Louisiana: University of New Orleans and University of Louisiana at Lafayette. We are working on founding a chapter at LSU.
- We also organize a program called Kits for Kids for elementary students to learn more about concrete.

Recreation

- Golf and shooting tournaments are a good place to get together for some fun with other members and friends in the industry.

Awards

- Submit your projects to our Awards Program and receive local recognition. Our program is very competitive and has even won a prize on the International Level.

LCECS

- We co-host Louisiana's Civil Engineering Conference and Show each year with ASCE.

Website and Social Network

- Get involved with our chapter online! We are on Facebook (ACI Louisiana) and Twitter (@ACILouisiana).

Introduction to ACI Louisiana:

ACI is one of the world's leading authorities on concrete technology. Getting involved with the local chapter can be extremely rewarding in terms of gaining greater technical knowledge and networking with other local members in the concrete community. Our chapter is a blend of architects, engineers, consultants, contractors, educators, material and equipment suppliers, owners, and students—virtually anyone interested in concrete.
